

AutoDine

The Operating System for Modern
Dining

Company Overview

AutoDine is a technology company specializing in the design, development, and deployment of advanced self-service kiosk solutions for the food service, retail, and hospitality sectors. Based in Amman, we provide enterprise-grade systems designed to modernize customer interactions and optimize operational efficiency without sacrificing your unique brand identity.

Vision

To become a leading regional provider of self-service digital ordering solutions, redefining customer-brand interactions through fast and intelligent experiences.

Mission

To empower businesses to increase revenue and improve order accuracy through intuitive, reliable, and scalable self-ordering technologies.

Competitive Advantages

1

Brand Independence

We don't force our brand; we amplify yours with white-label hardware and software.

2

Flexibility & Ease

Client-centric designs prioritized for speed, adaptability, and seamless user experience.

3

Local Expertise

Native bilingual support (Arabic/English) built specifically for the regional market.

AUTODINE KIOSK

The AutoDine Kiosk

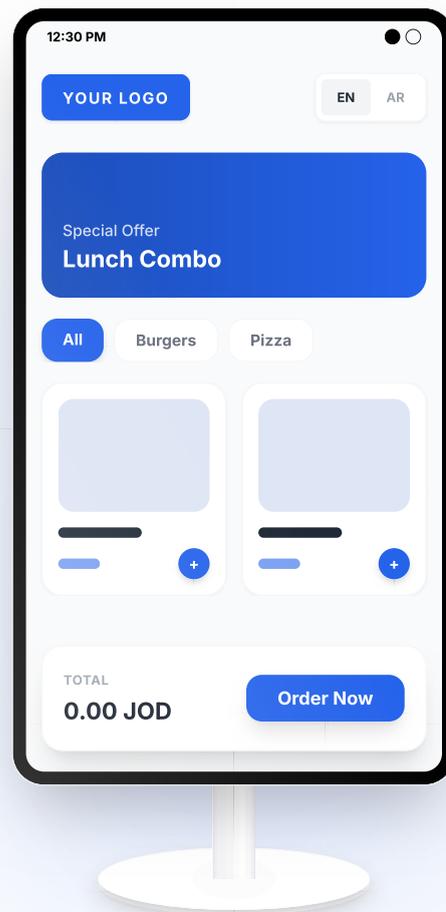

Meet Auto Dine. The premium 32" self-service kiosk powered by Auto Dine OS 1.0. Designed to automate ordering, boost revenue, and perfectly match your brand.

What it Does

The AutoDine Kiosk serves as a fully autonomous point-of-sale that increases average bill size by 15-30%. It allows customers to browse a visual menu, customize orders with smart upsell prompts, and pay instantly, replacing the traditional cashier queue with a seamless digital experience.

How it Works

- 1 Attract**
4K screens loop mouth-watering visuals to draw customers in.
- 2 Order**
Guests browse a visual menu with AI-driven upsell recommendations.
- 3 Customize**
Easy modifiers for dietary preferences and special requests.
- 4 Pay**
Instant secure payment via card or mobile wallet integration.

- 32-inch 4K Touch Display

- 5-Hour Battery Life (Cordless)

- Native Arabic & English Support

- Industrial Grade Durability

Core Solutions
